Illegal Plant Policy

This is an AOS-approved show. Both the AOS and the Orchid Society of Minnesota feel strongly that plants of questionable legal status should not be offered to the public for sale and should not be on display. Therefore, if any such plants are found in the show or sales areas, either for sale or display, the owner will be asked to remove them immediately. There are only two Vietnamese Paphiopedilum species which are allowable under these conditions. They are Paphiopedilum delenatii and the Paphiopedilum vietnamense plants from Antec. Your cooperation with this policy is appreciated.
